Election To-morrow

Polls for the Dominion Election open tomorrow (Thursday) morning at 8 a.m. and close at six in open polls. The city polls are open till 8 p.m.

Those entitled to vote whose names are not on the list, but he entitled by the returning officers, but in the cities no swearing is possible.

The poll at Strathmore will be in the Town Hall. Messrs T. M. Vear and W. E. Vickery are the deputy returning officers. The returning officer at Carleton Place is Mr. Angus Watson and at Carleton Place Mr. Geo. T. Hargreaves.

Election Results at Hall Results of the election will be given as received over the radio and telephone at the Memorial Hall from the time the results commence to come in until an early hour in the morning. The results are being given in conjunction with the curlers dance.

Political Meetings During Week Strathmore had three political meetings during the past week, and meetings were held at various other points throughout the week. The candidates themselves, owing to the number of points in the constituency, have been unable to appear at all points, but they have spoken at points in the constituency each night since the campaign opened. Endeavours were made to hold afternoon meetings last week, but owing to farmers being busy threshing, these did not meet with success in point of attendance.

Whether the farmer vote will be truly polled will depend largely on the weather. A heavy mantle of snow covers the ground at present. If the weather continues cold an endeavour will be made to carry on threshing, but in the event of a thaw threshing will not be possible, and a very large poll may be looked for.

The election throughout has been conducted with the greatest good feeling between candidates and their various supporters in the Bow River riding, and while there has been some minor quarrelling and heckling, nothing has occurred of an unpleasant nature. The evening meetings held in Strathmore were all largely attended.

Garland Addresses Strathmore Electors

The sitting member, Mr. E. J. Garland, who is nominated by the U.F.A., gave a very interesting address in the Memorial Hall, Strathmore, on

Wednesday night, in which he dealt with the various issues of the campaign. He was accompanied by Mr. J. G. Garfield, who occupied the chair.

Mr. Garland went into some detail on the work of Parliament during the past four years, and his description of how the work of the country was carried on, and the fate of the member who defied the caucus of his party, was very interesting. He gave an account of the work he personally had done for his constituents since re-elected in 1921. He said that the existence of a good number of U.F.A., Progressive, and Independent members, would have the effect of leading to better government, and would be very much in the interest of Western Canada, as these members were responsible only to their constituents. He gave instances of the wastage of public funds that had taken place on terminal elevators, wharves, docks, etc., when they were not needed, and were only handed out as promises for election support. It was a fine speech, and was greatly enjoyed by all present, irrespective of their political opinions.

Others who gave short addresses were J. C. Buckley, M.L.A., and John MacKenzie.

Liberal Meeting on Thursday Evening

James Gouge, well-known coal operator of Brumfield, and candidate in the Liberal interest, addressed a well-filled house at Strathmore. The chair was Mr. T. M. Vear.

Mr. Gouge outlined a number of salient points in the Liberal platform, and defended the work of the Liberal administration. The Liberals were working in the interests of the whole Dominion, and he deprecated the Conservative policy of raising the tariff, as it would sow dissension, and would not be to the interest or any part of Canada.

The proposal made for a tariff on coal would not solve the present western coal situation. Ontario and Quebec would not want any attempt at a tariff high enough to keep out American coal, and a tariff which would sit the western mines out of the Winnipeg market of one and a half million tons, while more than a million

Zero Temperature is Registered

A severe cold snap hit Alberta over the weekend. Snow commenced falling on Saturday evening, about two inches falling over the weekend.

The thermometer took a sharp drop on Monday evening, eight below zero being registered on the government thermometer at the local irrigation headquarters.

Most of the local threshing outfit put in a full week's work last week, and if it keeps cold will continue this week. However, in the case of these operations will be suspended until the snow melts.

Threshing Yields Good

Probably thirty per cent. of the threshing is now completed. The yields throughout are better than expected. Summerfall wheat is averaging thirty bushels to the acre, and many yields will over this are reported. Stubble and spring plowing is also yielding well on all grains.

BRITISH FARM BOYS COMING

Three contingents of British farm boys are en route across the Atlantic for the Alberta agricultural schools. Advice to the department of agriculture state that a party of 20 left October 8, on the steamship Regina, for the Vancouver school, 21 on the same date, S.S. Montclair, for Olds, and 21 on October 16, S.S. Ansonia, for Carleton Place. In each case the parties are routed through direct to the three schools. It is expected that with the British boys, the registration at the three schools of Agriculture this year will run close to 400.

It is at present sold in the United States would be lost to Canadian mines. Mr. Gouge explained his policy with regard to short selling of grain, and stated that if elected he would endeavour to have this practise abolished. Other speakers were Messrs Roy Edmundson, Calgary, James Sault and William McKee, of Drumheller.

Remember When You Vote To-morrow

The Conservative Party in the past has inspired the confidence of that body of the electorate which was for the development of Canada as a whole, and for the development of Empire unity.

But the Conservative party today does not stand for this. It stands instead for a policy of high protection, designed only to benefit the manufacturer, irrespective of Central Canada, a policy which has led to the centralization of industries, banks, financial institutions, and profits, in Ontario and Quebec, arresting the development of the remainder of Canada. Canada, by reason of climate and geographical considerations, will for many years to come be an exporting country and to export Canada must import. The result of the application of a policy of high protection will be an increase in the price of the manufactured articles the producer in Western Canada has to buy, with no increase in the price of the products he has to sell, thus resulting in the impoverishment of the Western producer, and the stagnation of our towns and cities.

Free Trade Within U.S.

The United States is practically a self-contained country, with free trade within its vast extent. There is enough competition within its borders to keep the price of manufactured articles down, and prices of manufactured articles are lower than in Canada, though wages are often higher.

The U.S. Secretary of Agriculture last week warned the farmers of the United States not to grow more wheat and other produce than was necessary for home consumption, otherwise the price of their produce would fall to the world level. If this happens in the States, with its population of 115,000,000, what effect would the restriction of Canadian business to the Canadian home market have to the Canadian farmer, especially when the ruling parties are subsidizing immigrants to come out to Canada to engage in farming.

The only country in the world that

exceeds the United States in variety of climate and in profusion of natural resources is the British Empire. It contains within its borders every resource necessary to the welfare of man kind.

Britain is Canada's Market

At the present time the great export market for Western Canada is the British Isles. Britain is anxious to buy more from Canada, and to sell more to Canada. Western wheat, flour, butter, eggs, cheese, can be shipped with greater profit to the British market via Vancouver than to any other. Britain has no tariff against Canadian produce, but we have a tariff against British goods coming to Canada in exchange. The volume of Western Canada's import and export trade with the British market would grow enormously with the removal of the tariff. The western farmers and western cities would grow and prosper, and our industries would flourish.

Garland Favors Britain

The only man standing before you for election tomorrow who favors the lowering of the tariff against British goods are the Progressive and U.F.A. members, of whom E. J. Garland is one. The Conservative policy man has interfered again, making it for the reduction or elimination of British produce, and while the Liberal party had reduction of the tariff on British imports on their platform in 1921, they have never given effect to it, and never will.

Statesmanship at Low Ebb

The Liberal party in Canada, if judged by the pronouncements of its leader, who in Western Canada, stands for a discredited system of politics, such as offering jobs to members if they resign their seats in favour of Liberal cabinet ministers, and for senate reform by a process of natural attrition of present Conservative members. This stand is unworthy of a great party, but it is symptomatic of the low standard at present attaining Canadian politics.

Parochialism in Dominion politics is not to the good of Canada. We have to look for our prosperity to the prosperity of the world in general.

Independence and Idealism Required

In almost every other country but Canada the world war has led to an awakening of public interest in the preservation of the liberty which the men who died overseas fought to secure. These liberties are as much in danger from the setting up of a bureaucracy in Ottawa as they were from the setting up of a superstate in Germany.

The U.F.A. candidate has been described as being too much of an idealist, but in our opinion we at the present time in Canada want men with ideals and the courage to express them. "Where there is no vision the people perish."

Mr. Garland and the other U.F.A. and Progressive members from Western Canada will support any measure put forward by any member of the house, or by the leaders of the Conservative or Liberal parties, which is in the interests of their constituents, of Western Canada, and of Canada as a whole.

Remember this on the 29th, and VOTE FOR GARLAND

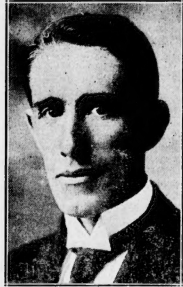

THE LABEL

on your paper indicates the date on which your subscription expires. If you are in arrears we would appreciate an immediate settlement.

VOTE FOR GARLAND

U. F. A. CANDIDATE FOR RE-ELECTION
IN BOW VALLEY

Garland is recognised to-day as one of the outstanding men in the House of Commons.

He has worked faithfully during the past four years for his constituents, without distinction.

He has remained loyal at all times to true democratic principles.

The interests of the townspeople of Western Canada are the same as the interests of the farmers. The cause of the farmers is the cause of the west.

Be sure to vote to-morrow, and use your influence in support of Garland, a man whose interests are entirely yours, whose nomination and support comes directly from the people living in your constituency. Canada's problems cannot be solved by blind subservience to a party fetish, but by the action of independent thought in the House of Commons.

Boy Scout Notes

FIRST STRATHMORE TROOP

The recent visit of Field Secretary Selway was enjoyed by all the boys who had the pleasure of hearing him, and all the Scouts and Wolf Cubs are keener than ever to learn the scouting game.

This week revision of the work done will be carried out and every one should be at the meeting on November 2nd so that the examiner can put them through their tests. When this has been done, patrols will be formed and the boys will be able to get their uniforms, and also begin the work for the Second Class tests, which is very interesting, educational, and attractive.

Scoutmaster Dean is planning a Whist Drive for November 12th, in the Dining Room of the Memorial Hall and all parents and others should be there as the boys are making the supper, when something new in this line will be pulled off.

Several gentlemen from Calgary have promised to visit the Troop during the winter, and talk to the boys on various subjects of vital interest to them. Notices of these will be given later, and all parents should try to attend.

The local branch of the Great War Veterans have donated a large Union Jack for use in the Clubroom, and this gift is highly appreciated by the Officers, Scouts, and Wolf Cubs.

Garceland

Master Milton Moorhouse, who recently underwent a serious operation in the General Hospital, Calgary, is improving slowly.

Of course you have heard this one, but news is scarce, so to fill up the space—A Scotchman was found dead in front of a punching machine, a doctor, who was called, pronounced the death due to an exertion. They were at a loss to know why, and could not account for the happening until someone noticed the sign just above the punching machine. "You get your penny back if you punch hard enough."

EXHIBITS FOR CHICAGO

Farmers in the province who intend exhibiting seed grain at the International Hay and Grain Show at Chicago in November are reminded that the entries should be in the hands of officials at Edmonton not later than November 2, in order that they may be in the proper hands at Chicago in plenty of time. The actual exhibits should be shipped to the Provincial Seed Cleaning Plant at Edmonton for shipment to Chicago.

If You Think You're Handicapped—Look to The Right

Many folks in this life go about bewailing imaginary handicaps as a detriment to their progress. Yet they don't know how fortunate they are, that theirs are not such extreme physical setbacks as those of the smiling young man pictured in the foregoing above.

He is Andrew Crumshaw, a youthful newspaper owner of Alliance, Ohio. And mind you, despite the fact that he was born minus both legs and one arm, he smiles at his misfortune. Outside of his newspaper activities, he is finding the time to indulge in his favorite hobby—automobile racing.

He has rigged up a racing car with special adjustments which permit his manipulation of it. With the car and a mechanic who rides with him, he has entered and made quite a good showing in automobile race in and about his home town. Never once has he met with a mishap and today enjoys his thrilling pastime more than ever.

So if you feel you haven't a chance in life—just think that over!

School Column

The late School Sports have been definitely postponed to a date as yet undecided upon. Teachers should retain the lists of events and regulations which were sent out.

A request is made to all the children attending the Strathmore School to ascertain if they have any library books at home which should be on the shelves of the school library. Parents are respectfully asked to cooperate in this matter, and to see that all library books, not at present in use, be returned.

The following were successful in their appeals against the decision of the marking examiners in the subjects indicated: Tom Chamberlain (French); Dean Tweedie (French); Lionel Gilbert (Geometry, giving complete standing in grade IX); Kate Chamberlain (General Science); W. H. Gardner (Literature).

Irriana

Mrs. A. C. Strachen spent the week-end in Calgary, with her daughter, Miss Valma Strachen, R. N., and son, Marjorie.

William Elliott, our local grocer, is very busy in the cattle business these days. Shortage of pasture is forcing large numbers of animals on the market.

Mr. Addison Stratch, of Leamington, Ont., is visiting his uncle, A. C., and also assisting him in looking after the school.

Mr. and Mrs. S. J. Edwin, of Calgary, spent the week-end with their son, Frank.

Some Irrianales attended a meeting of Mr. Garland's at Keoma. Jimmie wanted to know how the same man could act as chairman for Mr. Douglas and Mr. Garland.

A little girl picked a crucifix in full bloom today, October 21st. What's the matter with Alberta? Eh, what?

Mr. Frank Edwin was a Calgary visitor this week.

Miss Berthel and Miss Sears attended the Teachers' Convention, held in Calgary.

Standard Notes

Mrs. J. P. Hansen and son, Steven, were visitors to Calgary last week, returning on Wednesday.

Mrs. J. Paulsen returned from Calgary on Friday, after undergoing a slight operation.

Mr. and Mrs. Sidney Petersen are receiving congratulations on the birth of a daughter.

A large number of Standardites attended the address given by Lester Gough to the Chancellor Memorial Hall last Monday night.

Mr. Mons Jensen and Miss Marie and Nina Jensen were passengers to Calgary on Saturday.

Curling Notes

It is proposed to level the rinks on Thursday afternoon, October 29th, as this will be a half holiday, being election day. Get your vote in early, and then get a square mouthed shovel and give us a hand to get the rinks in shipshape for the weekend. Your help will be appreciated.

Curles, attention! The annual general meeting of the Strathmore Curling Club will be held in the dining room of the Memorial Hall on Tuesday, November 3, at 8 p.m. Light refreshments will be served. The election of officers for the coming season, and other matters pertaining to the welfare of the club will be discussed. A full attendance is earnestly desired. Come and bring another curler with you.

After doing this, get your costume ready and see that everything is in adjustment for the Grand Masquerade in the Memorial Hall. Prizes will be given for the best dressed lady, the best dressed gentleman, most original costume, and best comic. Also for holder of lucky ticket, and winners of the balloon dance.

All Progressives, Liberals, and Tories be on hand and give your party a good send off. Returns will be given as received over radio on a board at each end of the Hall. All present, past and future curlers be there and give your club a boost.

LOCAL NOTINGS

The Raymond sugar factory was o-
ccasionally opened on Friday, October 23,
irrespective of what stand you take in
the election, if you wish to support
western Canadian industry, ask for
Raymond sugar when buying sugar.
Owing to the surfeit of political
meetings, etc., last week, the dance di-
rected by the Ladies Imperial Or-
chestra in the Memorial Hall on Friday
evening had to be called off.

Jim Laurie, of Nanaima, was in
Strathmore Sunday. He is a member
of the University of Alberta rugby
team, which defeated Calgary Tigers
on Saturday by a 19-11 score.

The Alberta does not pose as a
comic paper, but those who attended
the Liberal meeting in Strathmore
found as much humour in the report of
it in The Alberta as they did in per-
using the doings of Major Hoople.

Rev. E. C. Serang, who spoke in
Strathmore on Sunday at the Union
church anniversary service, has an
earlier connection with Strathmore
than most of the people now living
here. In 1907 he visited the em-
broidered town to conduct services, travelling
from Gleichen on horseback.

The annual production of "Unde-
Tom's Cabin" was given in the
Memorial Hall on Tuesday evening
and many renewed acquaintance with
the ever-popular drama of the slave
days.

Maskerades are the order of the
day. Strathmore earlier's masquerade
takes place tomorrow evening
at Carleton and Rockford are holding
masquerades on the 29th, and Nisshin
gale masquerade is on November 1st.

Langdon Notes

Miss Jeanette McIntyre, and Miss
Joanne Rae spent the weekend at
home.

Mrs. Wm. Winters has been visiting
her sister, Mrs. Chas. McKinnon for a
week.

"Uncle Tom's Cabin" played to a
brilliant crowd at the L.O.O.F. Hall
Friday evening.

Mr. Roy G. Thomas and Miss M.
Jerrard were at the Rural Teachers'
Conference Thursday and Friday. The
children enjoying the vacation.

Mr. and Mrs. Geo. Whitney and
children returned to Carleton on
Sunday.

"Grandma" Whitney has sold her
house to Mr. A. Smart, and the latter
is taking possession today (Monday).

Prof. W. R. Ross of the Carletonia
School of Agriculture, made a business
call in Langdon Friday, in the after-
noon at Alberta School Fair. A gen-
eral meeting in Langdon at the Lan-
don district is to be called, and the
following schools are to be invited to
send a representative: Langdon, Ar-
thur, Partridge, Winters, Kent, Bennett,
and Shepherd.

Mr. and Mrs. J. Brander and family
visited at the home of J. Chalmers on
Sunday.

Mrs. Zink and little daughter, of
Nanaima, and Miss A. Barron, are
visitors at the home of Wm. Barron
and family.

BE GOOD-CHILDREN-HALLOWEEN'S A-COMIN'

Oh—to be young again! To turn
back life's pages—back to the happy
days of our "teen" when the coming of
Halloween kept us on edge for days
before—because we could hardly wait
for that big party.
How we did enjoy those games of
"apple on a string" and "duck apples"
and how we listened to those ghost
stories father told—stories which sent

Strathmore G.W.V.A. have donated a
Union Jack to the newly formed
troop of Strathmore Boy Scouts.

Strathmore is showing a more lively
interest in politics than for some
years, which is all to the good. Se-
veral local men are taking an active
part in the campaign for the various
parties. Strathmore has been sid-
etracked for many years, most of our
"statesmen" and near statesmen com-
ing from politically-inoculated points
like Gleichen and Irricana. But
we understand that at the forthcom-
ing elections the conventions of the
three parties will be held in Strath-
more, as being the most central point
of the constituency.

UNITED CHURCH ANNIVERSARY

The anniversary of the United
Church of Strathmore was held on
Sunday last, October 26th, with
special services morning and evening.
There was music in the morning by
a junior choir, which was inspiring,
and which included a duet by Alice
Garrett and Dorcas Howe.

The annual anniversary services of
Strathmore United Church, the first
to be held since the Union of the
churches, were very well attended.
Rev. E. C. Serang, of Crescent Heights
Church, preached very ably at
morning and evening services. The
church was adequately and appropri-
ately decorated with harvest em-
blems. Special music was rendered by
the large choir, under the leadership
of Mr. C. A. Lydiate. A solo was
beautifully rendered by Mr. Lydiate,
as also was a duet by Messrs Lydiate
and Wooster.

On Monday evening the annual sup-
per was served in the basement of
the church by the ladies, and it was
another triumph in all its appoint-
ments. Despite a very stormy and
cold day and evening there was a good
attendance at the supper and the lec-
ture which followed. Fine musical
numbers were contributed by the or-
chestra, led by M. S. Hirtle, by H. R.
Wooster, Miss Garrett, and Mr. G. H.
Patrick. Mr. Serang lectured on "See-
ing the Other Side," and his fine phi-
losophy of life, his clear presentation
of the subject and his wit captivated
the large audience. Everything has
two sides to it, declared the lecturer.

There are only three infallible
people in the world—the pope, the
editor of a party newspaper, and a
woman when she is in the "wrong".
There are worse things than snow and
cold in the harvest time—poverty,
starvation, and death. Today is the
great Day of Life, and let us not fear
about tomorrow, or live in the past
which is dead. There is a finer side
to every person, let us try to discover
it. These were a few of the many
fine things which Mr. Serang led his
hearers to consider. It was an im-
pressive effort, and Mr. Serang will always
be welcomed to the Strathmore

Rockyford

Emil Cammarot and his bride were the recipients of an enthusiastic chivaree on Monday night.

Quite a number of the threshing crew were discharged on Monday on account of weather conditions.

Rockyford Masons expect to attend the district meeting to be held at Drumheller tonight in large numbers.

Threshing was going well in the district last week, but has been held up since Sunday on account of the snow.

Rosebud News

Winter weather prevails and threshing still delayed.

Mrs. H. Buzzard is improving rapidly, and expects to be home soon.

Mr. and Mrs. R. B. Brunner were Calgary visitors during the week end. P. W. Schultz spent a few days in Calgary this week.

W. E. Payne and Andy Godegoud made a flying trip to Calgary Thursday night by auto, returning Friday with repairs for the threshing machine.

Mrs. H. C. Barr has moved into Calgary for the winter.

The Ladies Aid of Rosebud held their annual election this month, and elected the following officers: President, Mrs. G. J. Iverson; Vice-president, Mrs. C. H. Connick; Sec-Treas, Mrs. R. M. Prater.

MURINE
Keeps EYES
Clear, Bright and Beautiful

Election returns will be received on the 29th by radio at Rockyford Hall.

Mr. and Mrs. W. C. Walker are rejoicing in the birth of a son at Rockyford Hospital on October 21st. Billy is still passing the cigars.

The wedding took place on 21st inst., at the home of her parents, one of Rockyford's most popular young ladies, Miss Florence Carpenter, to Mr. Winifred Gillespie. The wedding was a quiet one, only the immediate friends of the bride being present. The ceremony was performed by Rev. C. E. Rogers. Mr. Gillespie has been in Rockyford for several years as manager for the Imperial Lumber Yard. The bride was the guest of honour at a shower by the Girls Club in the home of Miss Paula Post on Tuesday evening, and a chivaree was given for the newlyweds later in the week.

The wedding took place at St. Rita's Church, Rockyford, by Rev. Fr. Dolan on Thursday, October 22nd, of Miss Johanna Schepens, recently arrived from Belgium, to Mr. Emil Cammarot, who has been five years in the Rockyford district. The bride is a daughter of Rockyford and district and went to the young couple.

Marriage is in the air. When will "Sherry" go?

Don't forget to be at the Menagerie on Friday evening. It will be one of the big events of the season.

St. Rita's Church has been busy with the Thanksgiving Day, November 1st, great interest is being manifested in the bazaar, it being one of the biggest social functions of the year in Rockyford. The ladies have been working strenuously for the past two months to make it an even greater success than in the past. Further details will be given next week.

UNITED CHURCH NOTES

Anniversary Service

We trust everybody has had a look at the new standard through the window, for those who have not, we want to call your special attention to the fact that Dr. Tuttle (Principal of college, Edmonton) will be with us next Sunday. Dr. Tuttle will be at Crofton in the morning, Tupper in the afternoon, and Rockyford at night, at the usual hours. We are not making this day a day to emphasize fineness; we might, however, state that the time has not yet arrived when we can say "we have need of nothing."

Monday
The ladies will serve their usual Turkey Supper this year in the Town Hall, from 2:30 p.m. to 5:30 p.m. At 8 o'clock a choice musical and vocal programme will be given, after which Dr. Tuttle will give a lecture upon the subject: "A religious view of evolution." Those who remember Dr. Tuttle's cultured lecture last year will be anxious to hear him again.

We are glad to state that the "Trail Rangers" have now organized their team with Lloyd Hunter, Norman Prang, Wallace Gibson, and Dutton Sanger as officers, and Rev. C. E. Rogers as Mentor. The course of work seeks to develop a true type of boyhood citizenship. We are expecting a team from Strathmore in the near future, to put over an "initiation."

Tutor
The teacher, Mr. Bradwell, and a few others met last week and made preliminary arrangements for the Xmas Concert. The date will be Monday, the 21st.

ARNOLD

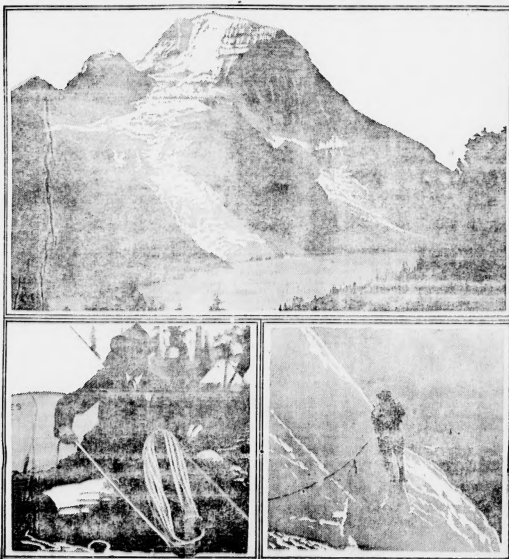

MOTORS

Phone 31 FORD AND I.H.C. DEALERS Strathmore, Alberta

Mr. Joe Price, who has been with the C.P.R. Irrigation Department here for a number of years past, is at present in Belcher Hospital being treated for

an arm trouble arising from injuries sustained while on active service. We trust that Joe will soon be back on the job, again restored to his normal good health.

MOUNTAINS TEMPT LOVER OF OUTDOORS

ONE of the finest Alpine territories to be found anywhere on the North American Continent is that surrounding Mount Robson. (13,980 ft.), highest peak in the Canadian Rockies. Here the visitor finds magnificent peaks, awe-inspiring glaciers and delightful Alpine "hops" with their magnificent flowers to charm the heart of the nature lover. In 1924 the A.L.C. of Canada held its annual camp on the shores of Berg Lake, shown above, and members of that organization, many of whom have climbed in difficult parts of the world, were

unanimous in declaring that Canada held no more splendid Alpine and scenic territory than this.

Nor is it necessary that the visitor be an experienced Alpinist to enjoy the beauties of the Mount Robson district, for there are within a short distance of the Berg Lake bungalow, splendid peaks which are easy enough to ascend for the tyro and yet offering splendid views of the surrounding Alps.

The photograph above Mount Robson, the monarch of the Canadian Rockies, and Berg Lake, so named because of the icebergs

which are constantly floating on its surface. Beneath is a picture of Mr. Robson, the monarch of the Canadian Rockies, and Berg Lake, so named because of the icebergs which are constantly floating on its surface. Beneath is a picture of Mr. Robson, the monarch of the Canadian Rockies, and Berg Lake, so named because of the icebergs which are constantly floating on its surface.

Social-Personal

After an absence of more than eighteen months from the neck of the woods, Mr. Tom Chamberlain returned last week. As an instance that the Old Land is not so hard up against it as newspaper comments would sometimes make it appear, Tom has sustained a considerable expansion in the region below the chest, and has a corporation of aldermalike proportions. He is still in good time to put in some hard work threshing, and should be back to normal before the winter is over.

Mr. Chamberlain finds that, while labour conditions in the Old Country are not yet settled, there is little distress, and statements of all parties are working towards a remedy. There is every desire over there to encourage the sale of Canadian produce.

Mrs. C. Van Son, Seattle (nee Miss Clascina Schoenmakers) in renewing her subscription, writes that her mother is keeping well, and wishes to be remembered to her Strathmore friends.

Mrs. Betha Stangier, who has been staying with her son, Mr. Frank Stangier, for the past two months, has taken up residence in Calgary for the winter.

We are sorry to learn that Mr. Harry Woods, for many years resident in Strathmore, left last week to take up a position with the Canadian National Railways in Calgary. Harry was for a number of years in the employ of the Strathmore Trading Company, and has latterly been in business for himself as a painter. He was prominent in many local activities, and will be much missed. Mr. and Mrs. Wood left for Calgary last week, and we wish them every success in the future.

Dr. R. R. McIntyre, Dentist, will not visit Strathmore next week, as he is going to Manitoba on a business trip. He will only be absent, however, for one week.

To Mr. and Mrs. George Inker, October 25th, a daughter at Strathmore Hospital.

Namaka Notes

Mr. and Mrs. Keith, of Calgary, are spending a couple of weeks in town, taking in the shooting.

Miss Tims attended the Teachers Convention held in Calgary during the week.

Mr. Paul Moller, of the U.G.E. Elevator has been transferred to Swatwell, where he will take charge of the elevator for the company at that point.

A carload of potatoes was shipped from Namaka Farm to Calgary on Friday of last week.

Threshing is in operation again, wheat averaging from 35 to 40 bushels to the acre, but the continued wet weather has lessened the grade of wheat considerably, and the weather man has interfered again, making another hold up.

The would-be mouse hunters are having some rare experiences. One party having secured a bunch of nine mals, sixteen in the bunch, and let them outside of their camp during the night, and Mr. Badger happened to scent something palatable, so he undertook to get a supply for winter, and selected all the nice large ones, taking them to his den and by the time his would-be revengers arrived he had them all snuggled away, and was nowhere to be seen.

Mr. James Laurie, of Edmonton, visited his people over the week end.

Mrs. C. Watts spent several days in Calgary last week, visiting her daughter, Violet, who is in training at the General Hospital.

Dalemead

Mrs. Adams, from Calgary, is a visitor at the home of her daughter, Mrs. Orton.

The teachers from the rural schools attended the teachers convention at Calgary Thursday and Friday.

Mrs. Watts and daughter, Helen, from Calgary, visited at the Harry Portney home Saturday.

Miss Leora Portney left for Chesham Monday, to attend the Agricultural School.

Thanksgiving services will be held at the hall November 8, by Rev. Johnson. Everyone cordially invited to attend.

Mr. R. Hornstra, who has been under Dr. Gilvin's care at the General Hospital, is improving.

CANADIAN STORE CATTLE

ON THE BRITISH MARKET

(Experimental Farm Note)

One of the outstanding results of the removal of the embargo and the consequent entrance of Canadian store cattle on the British market has been a readjusting of the local markets throughout Canada. It is true that overseas prices have not shown an exceptional profit over home markets (except in the case of cattle shipped from extreme Eastern points, nor generally have those shipped been responsible for any losses, and this outlet has certainly resulted in the home market to a remarkable extent.

Another important feature of the present situation is the increasing popularity of Canadian store cattle on the British market. Shipments over seas to the middle of September this year are 23.5 per cent higher than for the same period in 1924 and 40.8 per cent higher than for the same period in 1923. When it is considered that this increase has taken place in spite of high freight rates and a lack of adequate ocean shipping facilities (due largely to the fact that there is insufficient west bound freight), no fear need be entertained regarding the popularity of Canadian cattle on the British market.

A further consideration is that under present conditions in Great Britain, meat prices being high, it would appear that while grain is available, live stock is not, which would point to a continuance of high prices for beef and consequently a continued demand for Canadian store cattle.

It will not be out of place here to mention that as a result of many experimental shipments (which are to be continued) it has been found that the heavy weight steer, i.e., 1,000-1,100 pounds, fairly well fleshed, but not fat, of good blood type, and showing uniformity and breediness in type and colour, is the steer that will best meet the above mentioned demand.

It would seem, therefore, that the

breeder, feeder and shipper of store cattle may look forward to a continued, profitable market for his produce, provided he has the right kind. Particularly is this true of the Maritime Provinces, where a short land freight haul, and ocean shipment at any time of the year, enable the shipper to realize a greater profit than his western competitor.

GEO. W. MUIR,

Chief Assistant,

Division of Animal Husbandry

AND WE RUN ACROSS
ONE OCCASIONALLY, TOO!

An acquaintance met Horace Greeley one day and said: "Mr. Greeley, I've stopped your paper."

"Have you?" said the editor. "Well, that's too bad."

And he went his way. The next morning Mr. Greeley met his subscriber again and said: "I thought you had stopped the Tribune."

"So I did."

"Then, there must be some mistake," said Mr. Greeley, "for I just came from the office and the presses were running, the clerks were as busy as ever, the compositors were hard at work and the business was going the same as yesterday and the day before."

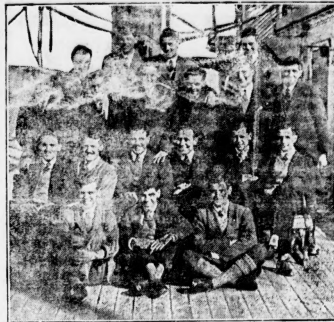

"Oh," ejaculated the subscriber, "I don't mean that I had stopped the paper; I stopped only my copy of it because I don't like your editorials."

"Bah!" retorted Mr. Greeley, "it isn't worth while taking up my time to tell me such a trifle as that. My dear sir, if you expect to control the utterances of the Tribune by the purchase of one copy a day, or if you think to find a newspaper or magazine worth reading that will never express convictions at right angles with your own, you are doomed to disappointment."

SHIPPING MORE BUTTER

Butter exports via Montreal are more than twice as heavy so far this year as they were in 1924, and the movement of cheese is also larger, although not in the same proportion.

Younger Sons for Farms in the West

"By the better road the younger son must tread. For he was to learn and achieve of his own."

John's famous poem, written years ago, is well illustrated by the above photograph, taken on board the Canadian Pacific liner Montclair. This group of young fellows came in age from 16 to 20 and they all came from the great classes of England who from father to son have attended one or other of the half-dozen so-called "Public Schools" of the old Country. They are bound for Oles Agricultural College, Oles, Alberta, which is financed by the British and Canadian Governments with a view to training British youth in Canadian methods of agriculture. The course is for six months and when it is finished, these young men will be competent to take up farming in this country. They all travelled "First Class" on the Montclair, so they started in at once to rough it, and do not seem to be sorry at the fact. At that, roughing it in the third class is by no means a narrowing experience when it is tried on a C.P.R. Liner.

LOADING TWO GRAIN CARS A MINUTE IN RECORD CANADIAN NATIONAL MOVE

DELIVERIES of grain to the National Railway during September last showed a record for the month of 1,424,000 bushels, according to grain figures issued at Winnipeg on Oct. 1st. 18,911 cars were delivered during September, 1925, against 4,051 in September, 1924, and 126,016 in the same month of 1923. The daily average for September, 1925, was 680 cars against the previous record of 322, established in September, 1923.

New records were made by the Canadian National in other branches of the grain movement also. Marketings during the month were 52,207,000 bushels against the previous high mark of 39,770,000, made in September, 1923. Loadings were 27,878 cars and 37,217,000 bushels during the month compared with 22,008 cars and 28,772,000 bushels in September, 1923. Total loadings on Canadian National lines to the end of September this year were 29,284 cars and 39,693,000 bushels, against 11,079 cars containing 14,632,000 bushels at the same date last year.

On several days toward the end of the month, loadings reached from 1,600 to 1,500 cars per day, which during the one-hour working day required the loading of approximately 1,600 cars per hour, and a half-hour to equal to reach this total. Reducing the time to one hour, it was estimated that at least 60 bushels of grain (the contents of a farmer's wagon load) were loaded into a car on Canadian National Western lines every second during the ten-hour working day.

The heaviest week of the season by far, a million bushels in grain marketings, was closed on Oct. 1st. Loadings for the week were heavier than any previous week since the opening of the grain season by 1,200 cars or nearly one million bushels. Compared with statistics for last year, the week's marketings

were just twice those of 1924, while the loadings were larger by 3,837 bushels, or 4,288,000 bushels.

A record week was also experienced at the terminal, when 5,400 cars of grain were unloaded and 60 boats, carrying 11,212,000 bushels, were cleared for eastern markets. During the same week last year only 2,208 cars were unloaded and 25 boats, carrying 5,800,000 bushels, were cleared.

Canadian National loadings for the week by provinces were: 3,450,000 bushels in Manitoba; 1,970,000 bushels in Saskatchewan; 1,571,000 bushels in Alberta; making a total of 10,970,000 bushels, or 5,860 cars, for the period.

Manitoba: 1,970,000 bushels in Saskatchewan: 1,571,000 bushels in Alberta: making a total of 10,970,000 bushels, or 5,860 cars, for the period.

Manitoba: 1,970,000 bushels in Saskatchewan: 1,571,000 bushels in Alberta: making a total of 10,970,000 bushels, or 5,860 cars, for the period.

Manitoba: 1,970,000 bushels in Saskatchewan: 1,571,000 bushels in Alberta: making a total of 10,970,000 bushels, or 5,860 cars, for the period.

Rev. J. E. DUGAN, Pastor

Carelessness and lack of fore-
sight on the part of some un-
known motorist at Belleville might
have led to serious accidents if it
had not been soon discovered that
the wig-wag signal protecting the
C.P.R. level crossing on the King-
ston Road was out of order. In-
vestigation showed that an auto-
mobile had driven out of its course
and broken the relay case thereby
cutting the electrical contact. A
watchman was immediately placed
at the signal until necessary repairs
had been made.

Slats' Diary

Friday—I betcha ma and pa going
to mail to make me quit studying
in the morning, unless they
let me leave out all that
studious verbs and
adjectives and etc. I say
last night I dreamt I was
getting chased by two
quintessence which was deadly
poison for my heart
hand, and it was all on
account of the foolish story
they been trying to tell
me about Gramer and
those kind of things.
One of the girls name
was MAY and the other
one was CAN.

Sat.—At Emmy and
Sam people was pretty impatient
three days to lady of the feminine sex. She
was trying all morning to find out
what part of a otomobile was the
Cadillac and every body she set foot
just left and never naser her question.

Sunday—Mrs. Clatus was a telling
tale about her girl a going to a dance
last night and she heard she went
and a stranger while she was at the
dance last night. She said her daughter
now was not let a strange girl like
her, which she didn't do than from
Adam and her darter answered and
replied, "I'm not the reason, but I
stranger she was because I didn't
so hardly nobody with was there at
the dance."

Monday—Pa was having today at
noon fit to kill. He said they was a
lawyer which owed the boss down at
the newspaper sum money for print-
ing a lot of stuff and when they looked
him for the money why he said he
didn't have no money but he would
be willing to get a divorce for the boss
so he'd pay thataway if he wanted to.

Tuesday—Tommy like to knock to
all cold when he get it we didn't
want to go to the restaurant for supper.
He told me later on that the only thing
he ever got into was when we went
when we went to the restaurant. I guess
he seen that load of canned goods the
grocery boy had bring here today.
He said I see what them cats do for me
has got a club meetings on for next
week.

Wednesday—Chuck Wilson which
works down at the newspaper office was
full of blues today and he said his
brother had run off with a girl and
he said why I wouldn't worry about
that and Chuck and he wouldn't worry
only it happens to be his girl he run off
with.

Thursday—saw a ad where they
want a Boy to deliver fish 12 years
old. I would like to have a job like it
but I don't want to deliver no 12 yr.
old fish.

Here and There

Sport conditions are very good in
New Brunswick this year. Harold
Chadwick operating hunting camps
in the province reports that at the
end of September catches of speckled
trout weighing 18 1/2 lbs. were taken
one day while a hunter took out a
big game licence September 23rd and
three days later had his deer and
bear.

The world's most northerly police
post, also the most remote of any
human habitation, is to be con-
structed next year for the Royal
Canadian Mounted Police at the far
end of Ellesmere Island. Building
materials and two years' supplies
will be cached within easy reach-
ing distance of the point where men
will be detailed for patrol duty on
the lonely shores of Baffin straits.

Appointments recently made
through the office of the Comptroller
of the Canadian Pacific Railway head-
quarters are W. J. Cherry who be-
comes Freight Claims Auditor in
place of J. R. Steele retired under
pension rules, and W. L. Moran ap-
pointed Assistant Freight Claims
Auditor. Both these gentlemen have
been connected with the Freight
Claims department for many years
past.

Because the prospects for hunting
and fishing in northern regions of
Quebec are more attractive this au-
tumn than they have been for sev-
eral seasons, the number of resi-
dents of the United States applying
to the Quebec association for pro-
tection of fish and game for
guides and licences is much greater
than it has been for several years
according to the secretary of the as-
sociation.

Weather Report

Supplied by C. P. Irrigation Dept.
October 20 to 26, 1925

20	34.2	61.8
21	30.0	75.3
22	24.5	45.2
23	25.4	37.5
24	21.2	34.5
25	15.5	26.0
26	11.5	19.2

The Montreal Windsor street
station police team are the champions
of the Quebec district in the First
Aid contests held at the Place
Viger hotel in that city under the
auspices of the Canadian Pacific
Railway. They won the contest
against teams from Ottawa and
Quebec and are now holders of the
Gastelin Challenge Cup, emblematic
of the C.P.R. First Aid champion-
ship of the province. The champion-
ship of the New Brunswick district
was won by the McAdam team who
competed against Saint John and
Woodstock.

NEW SUGAR FACTORY OPENS

The new sugar factory at Raymond,
Alberta, will open for operation on
October 23. Arrangements are being
made for a ceremony in connection
with the event, to be attended by
prominent men from both the States
and Alberta. The visitors from across
the line will include President Heber
Grant of the Utah-Idaho Sugar Co.,
which established the Raymond fac-
tory. It is anticipated that this fac-
tory will be the first of a number
eventually to be established in the
irrigation districts of southern Alberta.
The factory expects to handle between
75,000 and 90,000 tons of beets this
year.
